

4th Conference on Informatics and Applied Mathematics

GUELMA

24-25 November 2021

IAM'21

Topics

- Artificial Intelligence
- Machine learning & Big Data
- Image & Video Processing
- Internet of Things (IoT)
- Cloud computing & Networking
- Information Security & Cryptography
- Mobile computing
- Web Services & Technology
- E-learning & ICT in education
- Computational Biology and Bioinformatics
- Optimization and operational research
- Information Theory
- Computational intelligence
- Computational complexity
- Numerical analysis and simulation
- Statistical computation and simulation

Important Dates

Submission Deadline: **01 August 2021**

Notifications: **15 September 2021**

Camera Ready: **25 September 2021**

Registration: **30 September 2021**
